## Kentucky State News. OWENSBORO IS READY. It is Estimated That 74,000 Iron and Steel Workers Ceased Work Monday Morning.

Owensboro, Ky., July 16.—Secretary Richardson, of the National Good Roads association, is here arranging for the convention to be held Tuesday and Wednesday. The good roads train arrived Sunday and work began Monday morning on the model mile of road. There are prospects of a large attendance. **BIGGEST STRIKE IN RECENT YEARS.**  
All the Union Plants of the American Tin Plate Co. Have Been Closed for the Present.  
The Strike Will Have Not Little Bearing on the Commercial Life of Pittsburgh, But Few Mills Being Affected.  
Pittsburgh, Pa., July 16.—Reports received from all sources connected with the great strike of the steel workers Monday indicate that the members of the Amalgamated association had matters well in hand and that the strike order was generally obeyed. Telegrams from various points where the mills of the American Tin Plate Co., the American Steel Hoop Co., and the American Steel Sheet Co. are located told of the shutting down of these plants in large numbers.

**NUMBER OF MEN OUT.**  
At an Amalgamated association headquarters it was stated that the figures given out Saturday night regarding the number of men who would be actually idle in the mills of the three companies had been proved correct. This number was placed at 74,000.  
The strike, although one of the greatest this has been declared in recent years, will affect Pittsburgh but slightly. Despite the fact that this city is for and years has been the industrial center of the steel industry, the action in calling the men of the American Steel Sheet, American Tin Plate and American Steel Hoop Co. out on strike will have but little bearing on the commercial life of Pittsburgh. This is a peculiar fact, but it is nevertheless true.

**It Takes a Remedy of Uncommon Merit to Draw the Unqualified Praise of a Successful Practitioner.**  
Dr. J. W. Bates of Corfu, N. Y., states: "A most remarkable case has come under my hands and I have fully convinced me of the wonderful power of Dr. A. W. Chase's Nerve Pills over diseases of the nerves.  
A young lady who was treated for over two years for epilepsy by two doctors was given up to die. I found that her sickness was not epilepsy, but nervous troubles due to menstrual derangements, and prescribed four of Dr. Chase's Nerve Pills a day, after meals and at bedtime. Since that time she has had no single bad spell. Her health has rapidly improved, she has gained about 15 pounds in weight, and I do not hesitate to state that Dr. A. W. Chase's Nerve Pills have saved her life and restored her to health."  
Mrs. Fawcett of Marietta St., St. Clairsville, O., says: "I have used Dr. A. W. Chase's Nerve Pills and can recommend them to others as a good medicine for nervous and general tonic. When I got the box of the Pills I was complaining of nervousness, weakness and pain through the shoulders, rheumatic in type—digestion not over good as usual. The effect of the medicine has been very satisfactory indeed. So marked has been the change towards health and comfort I can conscientiously say they are fine and what they are represented to be. My advanced age I feel I am getting all the benefit possible."  
Mrs. M. J. Hubbard of Railroad Avenue, Sistersville, W. Va., says: "I like Dr. A. W. Chase's Nerve Pills. I was nervous, irritable, unable to sleep. I took four of the medicine long—my nerves were steady and strong—my physical strength and energy back and my sleep sound and natural."  
See that the portrait and signature of Dr. A. W. Chase are on every box. Price of a box—Six boxes for \$2.50. Manufactured by the Dr. A. W. Chase Medicine Co., Buffalo, N. Y.  
For sale by THOS. J. CHENOWETH, Druggist.

They tried to run away, but a constable took them home.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action. That they do this is so easily proven that not a vestige of doubt remains. Public indorsement of local citizens is easily proven. Read this case:  
Mr. M. L. Spencer, grocer of Forest avenue, says:  
"For many years I was greatly troubled from the lack of proper action of the Kidneys. I feared the incipient state of diabetes, and learning about Doan's Kidney Pills, sold at J. Jas. Wood & Son's drugstore, I procured a box. The benefit derived from its use warranted me continuing the treatment. The results obtained in the case of others I know as well as in my own is a guarantee of the great value of Doan's Kidney Pills.  
For sale by all dealers; price 50 cents a box.

JUDGED by the action of Democratic primaries in various parts of the state, Judge CASTELL's candidacy for the United States Senatorship is not a howling success. CASTELL's able conduct of the assassination trial along partisan lines having been successful in landing the Democratic state ticket last fall, even the bitterest partisans are dubious about pushing matters so far as endorsing the political Judge for a seat in the Senate.

MR. BECKHAM ought to feel powerfully proud of Colonel ALEX. PENCK, who he recently pardoned from the Frankfort Penitentiary, where he was serving a just sentence for murder—politely called manslaughter. PENCK, it will be recalled, was an influential Democrat, and he was especially active in "whooping up the boys" to vote for BECKHAM; but that had nothing to do with his pardon—no, Colonel PENCK was a citizen of Madison county, and when he returned there six months ago he resumed his old profession of selling whiskey illegally in the Kentucky River cliffs near the town of Ford. Last week he was wined before County Judge MILLON and convicted on forty-seven counts. The fines assessed against him aggregate \$1,500, and unless his friends pay for him, or his friend the Governor again pardons him, he will, at \$1 a day, have to stay in Jail over four years to satisfy the law.

Excursion to the Yellowstone Park. American Tourist Association will travel in the West this year. An extensive trip to the Yellowstone Park has been arranged by the great American Tourist Association, of which Ross Campbell is General Manager. Many people of this vicinity are going, as the itinerary is leisurely and there are such long stops at all points of interest that the traveler will be able to make extended exploration of such places as Pike's Peak and Garden of the Gods in Colorado. The itinerary of the tour includes a visit to the unique Salt Lake City and long ride in sight of the Rocky Mountains. The same features that have hitherto made these tours so popular will be prominent this year. There will be utmost privacy for small parties in the Pullman sleeping and dining cars, and all the drives will be for the exclusive use of the tourists. The members of the American Tourist Association have also arranged for a tour of Alaska, and if individual members of the Yellowstone party desire to continue farther, the tour will be incorporated in the itinerary. The cost of tickets for these tours will include all expenses everywhere. Full particulars will be furnished upon application to A. A. Gallagher, D. P. A., Missouri Pacific Railway, No. 100 Vine street, Cincinnati, O.
